**TECHNICAL INFORMATION**

All the transformable systems LGM are double-use furniture, available with front elements in the day version, different for features and purposes. Through a rotation movement, these systems transform into the night version with an always ready bed provided with wooden slats and lateral extension night tablets

In the day version, model LGM and LGM02 are provided with doors in different look and with lateral shelves.

LGM02 has centrally hinged doors, opening from the outside

In the day version LGM01 is provided with shelves and a tip-up table with inwards folding legs.

Revolving opening mechanism through pins that slides in pantographed grooves and hinged arms, linked to the structure

Bed base with frame in tubular reinforced iron and multilayer bent beech wood slats, fixed to the frame with nylon/rubber gaskets.

On demand, the bed base frame can be covered by a bent wooden stripe.

Mattress locking belts in nylon with fastener in black nylon

Mattress: spring mattress, Reinforced Latex mattress, 50% Memory mattress. More details on page 86

Available Finishes: Structure and front: Melamine White Dover, Melamine Whited Oak or Graphite Oak, Lacquer

Clei colours system. Only for front: Wood Whited Oak or Graphite oak or Tobacco oak

Doors: with aluminium frame and panel in Transparent Glass, Frosted Glass, Lacquered Glass in colours white, beige, ecru, red, brown.

Lateral extension night tablets.

Upholstered stuffed headboard for the bed, fixed directly to the back panel through snaps. Cleaning according to the fabric label.

**REMARK - INSTALLATION AND SAFETY**

These models are supplied disassembled and their easy installation is supported by comprehensive instructions.

It is compulsory to fix them to the wall, in 2 fixing points, using the proper hardware supplied by CLEI (squares, rawlplugs with diameter gmm and the couple nut-bolt) and following the assembling instructions provided together with the goods

A plasterboard is not a suitable wall and the fixation can not be considered safe. (see assembling instructions)

The installer is in charge to test the correct fixing and to provide with a workmanlike installation

The opening system is fixed to the structure with gears that remain perfectly tighten in both the day and the night positions.

Maximum weight supported by the bed: kg. 200

Maximum weight supported by each shelf: kg. 10
