REMARK - INSTALLATION AND SAFETY

This model is supplied disassembled and its easy installation is supported by comprehensive instructions.

It is compulsory to fix it to the wall, in 4 fixing points, using the proper hardware supplied by CLEI (squares, rawplugs with diameter 9mm/0.4 inches and the couple nut-bolt) and following the assembling instructions provided together with the goods

A plasterboard is not a suitable wall and the fixation can not be considered safe. (see assembling instructions)

The installer is in charge to test the correct fixing and to provide a workmanlike installation

The opening system is fixed to the structure with gears that remain perfectly tighten in both the day and the night positions.

Maximum weight supported by the bed : kg. 200
