REMARK - INSTALLATION AND SAFETY

This model is supplied disassembled and its easy installation is supported by comprehensive instructions.

It is compulsory to fix it to the wall, in 4 fixing points, using the proper hardware supplied by CLEI (squares, rawplugs with diameter 9mm/0.4 inches and the couple nut-bolt) and following the assembling instructions provided together with the goods

A plasterboard is not a suitable wall and the fixation can not be considered safe. (see assembling instructions)

The installer is in charge to test the correct fixing and to provide with workmanlike installation.

The opening system is fixed to the structure with gears that remain perfectly tighten in both the day and the night positions.

Maximum weight supported by the bed: kg. 200
